

Ferrnsol™ Chain & Conveyor Lubricant - LT

P R O D U C T D A T A

DESCRIPTION

Ferrnsol Chain & Conveyor Lubricant – LT (low temperature) is designed to leave a thin film to protect against wear and tear on conveyors, belts, rollers, or chains while providing continuous lubrication at below freezing temperatures.

USES

- Lubricating conveyor belts, chains, and rollers to effectively reduce drag and friction on all moving parts
- Excellent choice for use in automatic spray equipment
- In freezers or areas where lubrication is needed at low temperatures

ADVANTAGES

- Extends the life of conveyors and connected equipment
- Environmentally friendly
- Phosphate-free
- Sulfate-free
- Non-Toxic and biodegradable
- Excellent lubrication with extended performance
- Solvent-free and contains no petroleum products

Product Data		
Form: Liquid	Odor: Mild	Color: Clear
Solubility in Water: Complete		
Specific Gravity/ Density : 1.07 / 9		
Melting / Freezing Point: ~ 0°F		

DIRECTIONS

Remove dirt or grease from chain surface to be lubricated.

Apply generous amount of Ferrnsol Chain & Conveyor Lubricant - LT onto chain. Can be applied via spray or brush. Lubrication starts immediately. Re-apply as necessary.

Note: For best product results, perform proper chain maintenance according to manufacturer's specifications.

CLEANUP

Clean tools and equipment with clean water.

STORAGE

Store in tightly sealed containers in a cool, dry area away from direct sunlight and sources of heat. Shelf life of properly stored material is one year from date of manufacture.

PRECAUTIONS

In case of eye contact flush with water.

If swallowed rinse mouth with water and drink glass of water.
